Well now that the office is inquiring, I am hoping to get a response. I'm on it! Not sure what the disconnect is. Contacted them yesterday, and even called prior to sending that email.

Ed,

Late September would work also. I would like to get a date set for some time in September. We also need to make sure Brenda Cook is available.

Hi Joseph,

I have been attempting to contact Council Member Atkins office to work through them to get a meeting, with limited success. We would like to have one in mid to early September. I'll try one more time today, and if not I am going to work towards reserving the venue and exclude his office as the deadline for us to host a meeting is upon us. Any assistance would be welcome.

Thanks,

-Ed-

Good morning everyone,

I wanted to touch base and see if there was any progress in attempting to have a community meeting for this project site. Please let our office know if anything has changed or tentative plans. Thank you very much!

Hi Joseph,

Thank you for taking time today to meet with Ken, Ed and myself via teleconference. I am sending you the key EPA contact information I promised you on the phone. EPA looks forward to working with the City of Dallas throughout this process. Please feel free to contact us if you have additional questions.

Subject: Lane Plating NPL next steps

Good morning Ms. Cook,

I just left a voicemail on your office phone this morning. I wanted to reach out and touch base with you regarding the Lane Plating Works, Inc. facility that was recently accepted on the NPL. We just wanted to get a grasp on the next steps and to offer any assistance EPA may need with regards to contact local stakeholders as well as informing City's elected officials.

I read that the EPA has the obligation to contact/reach the community within 3 months of listing to explain the Superfund and restoration process for this site. When EPA does hold a community meeting to discuss the Lane Plating site, we are willing to work hand in hand to provide notice of your community meeting as well as ensuring the elected official Council District 8 Mr. Tennell Atkins is present as well as other local stakeholders who may have a vested interest.

Please let James McGuire, managing director of OEQ, or myself know of anything you may need for this project. City looks forward to working with the EPA to ensuring the timely cleanup of this facility and future redevelopment.
